The graphic features a dark blue background with various icons: a calendar, a clock, a bar chart with an upward arrow, a crown with a 'J' on it, a stack of coins, a checkmark in a circle, and a line graph with an upward arrow. The text is in white and gold, with a glowing effect.

To qualify for the **JINORA Monthly Royalty**, users are required to achieve a minimum of **4000 Business Volume (BV)** within a calendar month. All users who meet this qualification will collectively share **3%** of the **company's total turnover**, distributed equally among all qualified members, making it a performance-Based and highly rewarding income opportunity.

# JINORA User Qualification Royalty

**Royalty**  
**2%**  
**Of Company Turnover**

The JINORA Qualification Royalty rewards consistency, commitment, and sustained performance. When a user successfully maintains and achieves the defined business targets continuously for three consecutive months (for example: January – 4500 BV, February – 4500 BV, March – 4500 BV / in any 2 Month 15000 BV), they become eligible for this prestigious royalty. On qualification, the company distributes 2% of the total turnover generated during the three-month period, which is shared equally among all qualified users. This royalty is credited in the 1st–2nd day of the fourth month, serving as a powerful incentive that recognizes long-term effort, motivates consistency, and delivers a high-value income opportunity.

# JINORA Team Growth Bonus

Level	User Name	Income	Total	TGB
1	J	10,000.00	131,000.00	2%
1	I	15,000.00		
1	N	20,000.00		
1	O	24,000.00		
1	R	30,000.00		
1	A	32,000.00		

The JINORA Team Growth Bonus reward users for building and nurturing an active team. Under this program, 2% of the total daily income generated by a user's referrals is credited to the user on a daily basis. The calculation includes earnings from self-shopping commissions and team shopping commissions within the referral network. This incentive encourages consistent team development, allowing leaders to earn steadily as their team grows and performs.

# Self Franchise Commission

# 2-11%

According to Franchise Turnover

The JINORA Self Franchise Commission empowers users to build their own local business presence by opening a JINORA franchise. Under this model, users earn an additional 2% to 11% commission on all sales generated through their franchise operations. This income stream is independent of other earnings, offering a scalable and sustainable opportunity for long-term growth while enabling franchise owners to convert local sales performance into consistent business income.

# JINORA Referral Franchise Commission

# 1-5%

According to Franchise Turnover

Under the **JINORA Team Franchise Commission**, users are rewarded for expanding the franchise network within their team. When a user facilitates franchise onboarding in their team, they become eligible to earn a defined percentage of the turnover generated by those franchises. As the network grows, the earning potential multiplies—if a user’s team operates any active franchises, the user benefits from a percentage of the combined turnover of all active franchises. This model encourages strategic team expansion and offers a powerful, scalable income opportunity driven by collective business growth.

# JINORA Consistent Growth Reward

# 5000

**Excellence Reward Bonus**

The JINORA Consistent Growth Reward is designed to recognize discipline and consistent effort. When a user successfully makes at least one active referral per day for three consecutive days, they become eligible to receive an additional reward amount on the fourth day. This incentive motivates steady action, builds daily momentum, and rewards users who demonstrate commitment, turning consistency into measurable and attractive earnings.

# JINORA Promotional Reward Bonus

## JINORA Promotional Reward Bonus

**"Create. Share.  
Get Rewarded."**

JINORA Promotional Reward Bonus is a special income opportunity designed for users who create and share genuine video feedback after using JINORA's products, services or features. When users post these videos on social media platforms while tagging JINORA and the video receives more than 5,000 views, the company rewards the user with an additional promotional bonus. This income model encourages users to share real experiences, actively participate in brand promotion and earn extra rewards through digital creativity.

# JINORA Rank Achievement System

JINORA Rank Achievement System works on a cumulative Business Volume (BV) model, where both Self BV and Team BV are required to qualify for each rank. All business done is carried forward, ensuring continuous step-by-step growth.

To achieve the Beginner rank, a user must complete **300 Self BV** and **3,500 Team BV from Level 1-2**. After reaching Beginner, the Learner rank requires a total of **3000 Self BV** and **21,000 Team BV from Level 1-4**. Since the system is cumulative, the business already completed for Beginner is counted, and the user only needs to complete the remaining BV to achieve Learner. This structure ensures smooth progression and motivates long-term growth.
